Description of Type Design Change:

Installation of SatLINK IRIDIUM Communication System

**Installation/Operating Data,
Required Equipment and Limitations:**

Installation of this system on a non-required non-essential basis is to be performed in accordance with Polytech Aero Support Inc. Modification Summary MS-08-002, Revision 0, dated May 14, 2010 or later Transport Canada approved revisions.

Mandatory Instructions for Continued Airworthiness for this installation are contained in Polytech Aero Support Inc. Instructions for Continued Airworthiness ICA-08-002, Revision 2, dated May 14, 2010 or later approved revisions.

— End —

Conditions: This approval is only applicable to the type/model of aeronautical product specified therein. Prior to incorporating this modification, the installer shall establish that the interrelationship between this change and any other modification(s) incorporated **will not** adversely affect the airworthiness of the modified product.

Christopher Mruzek
For Minister of Transport
